Dear Sir

Can we obtain any new Cents or Nickels? The Cents we get from the Sub. Treasury are in very bad condition, must be kept in some damp vaults. You will see by sample enclosed that they are unfit for circulation.

Under the previous Republican administration the Mint depositors old Cents & Nickels, and when they were not coining new ones, would always furnish us clean ones—

Under the previous Republican administration the Mint repolished old cents & nickels, and when they were not coining new ones, would always furnish me clean ones.
